Coston to Downtown

Using the Map and Schedule

1. Start by looking at the map and locating where you want to meet the bus. All the stops along the route are shown on the map using a square.
2. Next, look along the route for the time point, marked with a number in a square, just prior to your stop. Time points are bus stops that have a scheduled bus stop time associated with them.
3. Once you have located the nearest time point, find that time point on the schedule. If the bus runs in two directions, find the schedule for the direction that you are traveling. If you are getting on the bus at the time point location, be at the bus stop a few minutes before the time listed. If you are getting on the bus at a location between time points, be at the bus stop at the time listed for the time point just before your stop.
4. Look down the column for the time you want to get on the bus.
5. Look across the row for the time the bus will reach your destination.
6. For a complete list of all the bus stops on this route along with the address, please visit www.rideline.org. You may also call the RideLine at 345-RIDE (7433).
